

Asia Photonics Conference

You are cordially invited to attend Asia Photonics Conference (APC) 2026 during February 04 to 06, 2026, in the vibrant city of Singapore at Sands Expo and Convention Centre. This premier event will bring together leading experts, researchers, and industry professionals to explore the latest advancements and innovations in photonics technology with a focus on sustainability.

The conference will be held concurrently with the Asia Photonics Expo (APE 2026). Attendees will have the opportunity to network, share insights, and collaborate on solutions that address the challenges of climate change and environmental impact in the photonics sector.
